TITAN *Envoy*

Stay connected. Make life easier.

Ease your day with real-time monitoring and on-the-go access to the features of your TITAN system you use every day. With TITAN *Envoy*, you eliminate returning to your workstation for critical information and alarms, and instead stay updated and make interventions from the greenhouse, office, or any remote location.

With its sleek and intuitive design, TITAN *Envoy* will help accelerate training, competency and engagement of the entire grower team.
